GAINESVILLE, FLORIDA, MONDAY, SEPTEMBER 27, 1909

ONE DOLLAR A YEAR

UNIVERSITY OF FLORIDA WILL OPEN WEDNESDAY

Registration and Classification of Students Will Take Place Tuesday---Bright Prospects.

The University of Florida is to open for the season of 1909-10 this week. The registration and classification of students is to take place on Tuesday, September 28th. All who expect to attend the University are urged to present themselves promptly on that day. Lateness in reporting to the University not only loses time to those who are late, but also causes the authorities more inconvenience than is generally realized, and it is hoped that all prospective students will be considerate enough to avoid causing such inconvenience.

The formal opening of the year will take place on the following day, Wednesday, September 29th, with the chapel exercises, at 9:15 a. m., which are open to the public. The classes will begin meeting for organization and announcements on Wednesday, immediately after chapel, at the hours provided for in the printed schedule, copies of which can be obtained at the president's office.

A considerable increase in enrollment is expected in the academic, general scientific, engineering, agricultural, and pedagogical courses; and besides this, the new law school will add a good many to the number of students in attendance. All the rooms in the dormitory have been

taken, and it is necessary to make provision for students in houses near the University. Among the new students are some who come from the University of Georgia, Bucknell College, the Brooklyn Polytechnic Institute and other colleges of high standing, showing that the University of Florida is winning the popular confidence which its actual merits justify. The preponderance of the students will be from Florida, of course, as should be the case; but there will be several from the North also.

Work has been begun on the new Scientific building, and it is hoped that this building can be put into use before the close of the present academic year. This building will provide for the department of physics, chemistry, geology, and biology, and will enable the excellent laboratory equipment of the University in these departments to be used to much better advantage than has been the case in the past. The space which has been used in Thomas Hall for the temporary accommodation of the scientific work, will be used for dormitory purposes.

The prospective increase in enrollment and in facilities leads to the expectation that the University is about to enter upon the most successful year in its history.

SPAIN TO HAVE WAR, AND REAL WAR, TOO

MADRID, Sept. 25.—It is generally believed here that the complications between Spain and Mulai Hadd, the Sultan of Morocco, are likely to result in a Spanish-Moroccan war, that is, a war between Spain and the forces of the Sultan of Morocco in distinction from the present fighting, which is limited to the Moorish tribesmen inhabiting the Riff country.

Spain today has over 60,000 troops in North Africa, with 11,000 more mobilizing for service there, and the government feels that only the brilliant completion of the work begun can defeat the plans of political enemies at home.

The situation at Barcelona is causing renewed anxiety. Bomb explosions on the streets there are almost of daily occurrence, but the newspapers that print even the rumor of such occurrences are seized by the authorities.

The minister of the interior insists that the government is not fighting its political enemies, but rather a wide-spread anarchistic plot.

NO CLUE TO MURDERERS WHO TOOK SIX LIVES.

ROANOKE, Va., Sept. 25.—A telephone message last night from Grundy, the county seat of Buchanan county, Virginia, says no developments have occurred in the murder mystery at Hurley in which six persons were killed and their bodies burned on last Wednesday. Investigation and search are still in progress, but aside from the liberation of Silas Justis and his two sons, who were thought to have been implicated in the murder, nothing has been brought to light.

The Justises proved their innocence at a preliminary hearing. Silas Justis is not a relative of the persons of the same name who were murdered. He and his two sons were arrested at their home after bloodhounds had led to the house where they live. They stoutly denied that they knew anything of the tragedy.

SHOOT'S OFF WIFE'S HEAD, THEN HIS OWN FOLLOWS.

GREENVILLE, S. C., Sept. 25.—One of the most brutal murders ever committed here occurred yesterday morning at the Woodside mill village, a suburb of Greenville, when Whit Galloway shot his wife dead and then killed himself in the presence of his three small children.

Galloway carefully loaded both barrels of his shotgun, then crept to the side of the bed, aimed at his sleeping wife's head and discharged the gun, blowing off her head. Then placing the butt of the gun on the floor he put the muzzle to the side of his head and pulled the trigger, blowing his head completely off.

Jealousy is said to be the cause of the tragedy. Galloway's little 4-year-old daughter said her father also tried to kill her.

STATE PRINTING CONTRACT AWARDED TO M. A. SMITH.

TALLAHASSEE, Sept. 24.—After two days of constant work in comparing the bids sent in for the State printing, the work was awarded to Milton A. Smith, editor of The True Democrat of Tallahassee.

will not discuss what societies shall consider Commander Peary's data, the coast and geodetic survey at Washington will examine records in an official capacity inasmuch as Commander Peary is an officer of the navy attached to that bureau at present.

O. O. Poppleton of Stuart has this season produced fifteen tons of honey, and is credited with being the leading honey producer in the State.

PRETTY POLITICAL DEAL DEVELOPS PRETTY MESS

If Carried Through Will Upset Calculations of Many Aspiring Politicians---Will Dump Broward.

The Miami News-Record is authority for the following:

"The recent announcement of Hon. Lewis Zim of St. Augustine that he would be a candidate for Congress in the Second District before the primaries of next year, is the first indication that certain political conferences that have been held this summer are bearing fruit.

"It is evidence of one of the finest political deals that have been entered into by politicians in many a long day, and which if carried out will break up the political calculations of many aspiring politicians.

"For some time it has been known that a new political deal was to be put over the boards by which there is to be an entirely new lineup of the old Broward-Barrs faction and in the deal there is to be some remarkable shakeouts.

"The News-Record is in receipt of reliable information, from a source that cannot be doubted, that exposes the inside facts of the proposed deal and that will stir up considerable interest in political circles.

"Reading Mr. Zim's announcement carefully it becomes evident that he does not commit himself to running as a Congressional candidate, but leaves something open for after-consideration.

"It has leaked out, in select quarters, that arrangements have been made, by the select few, to launch a ticket shortly after the holidays. This ticket will comprise all who will be candidates next year, and some who are to profit the combination and become candidates for State offices two years after.

"The slate carries with it the un-

derstanding that Broward is to be thrown overboard, and that the ticket is not to support him in candidacy for the United States Senatorship.

"The ticket is to include Clay L'Engle for the United States Senatorship, and the votes of the new ticket are to be thrown to him.

"Instead of Mr. Zim's finally running for Congressman, he will place on the ticket to R. Hudson Burr, now Railroad Commissioner who will try to fill Frank Clark's shoes.

"For his service Mr. Zim will, the proper time, become a candidate for McLin's job as Commissioner of Agriculture, and be supported those in the present deal.

"Senator Hudson will probably receive support for nomination as candidate next year for a Supreme Court judgeship and be saved gubernatorial contest in 1912.

"Such is the line-up for the principal positions. The minor candidates, evidently, have not yet been selected, but it is expected that before a year shall wane the entire ticket will be outlined and active campaign commenced to convince the Florida voters that is the best ever.

"The announcement that this deal has been consummated will have tendency to stir up Florida politics once, rather than after the holidays when the public were to be let gradually into the plan as to the new candidates.

"Whether the new faction line will succeed any better than its predecessors remains to be seen after the votes are finally counted next spring.

Crew Three Days at Sea Without a Taste of Food

PENSACOLA, Sept. 25.—Bound from Santos for New York with a cargo of 31,000 bags of coffee, the British steamer "Tocantius," Capt. Noris, put into port Thursday night for provisions, having been caught in the tropical hurricane in the Gulf last Sunday night and all provisions ruined. The crew of the ship was without food for three days, while the coal in the bunkers ran short. The master of the ship, which shows unmistakable signs of an awful encounter with the storm, stated that for forty-eight hours he was compelled to stand on the bridge of his ship

and apparently during this period he did not move ten miles. With full steam ahead he pointed the nose of the steamer into the storm and rode it out, though at times he thought the ship crew would go down, as immense seas broke constantly over the vessel, while the wind blew with such force that it was with difficulty that the steamer could be kept head on. The vessel suffered considerable damage, the storm gear being carried away, all dishes and furniture broken and deck coverings swept away, in addition to destroying about \$400 worth of supplies.

Pretty Country Girl Proves Muchly Married

KANSAS CITY, Sept. 25.—When he found marriage certificates in his wife's trunk, Frederick Chapman of this city, who believed he had married an unsophisticated country girl, investigated further and discovered what he considered evidence that Mrs. Chapman had not been divorced from her last husband.

Chapman confronted his wife with the certificates and she confessed to previous alliances. He then preferred

a charge of bigamy against her, and she was arrested. She is held for trial in the criminal court.

According to an alleged confession to the prosecuting attorney, Mrs. Chapman admitted having been married to five men besides Chapman in the past ten years, and said she had deserted each of them. Her husbands were Frank Ritter of Paola, Kan.; James Chaney of Butler, Mo.; Martin Wheeler of Jasper county, Missouri, and two in Kansas City, Mo.

Man Literally Roasted to Death in Auto Wreck

AMERICUS, Ga., Sept. 25.—One person was burned to death, another instantly killed and a third seriously burned, when an automobile driven by John McLendon ran off an eight-foot embankment yesterday afternoon.

McLendon and Miss Viola Herman, one of his companions, were pinioned beneath the wrecked car, which caught fire.

Ethel Hill, another member of the

party, although severely burned, ran screaming to this city, two miles distant, and gave the alarm.

Miss Herman's neck was broken by the fall and death was instantaneous.

McLendon was literally roasted alive.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.

GREAT INTEREST IN EDUCATIONAL CAMPAIGN

SUPERINTENDENT HOLLOWAY SPEAKS OPTIMISTICALLY.

First Schedule Arranged From Oct. 8th to 18th—Accident to a Tallahassee Man.

TALLAHASSEE, Sept. 23.—"Great interest and enthusiasm are being manifested in the coming educational campaign," says the State Superintendent, Hon. W. M. Holloway. "The counties are responding with the greatest willingness to the request for money appropriations, and the Secretary of the Educational Conference, George M. Lynch of Gainesville, has admirably arranged the first section of the campaign schedule.

"This schedule will run from October 8th to October 18th, by which time Mr. Lynch will have arranged another schedule for West Florida and all other counties not mentioned in the first section. Every county in the State will be thoroughly canvassed, and we expect to arouse the people to a greater interest in educational work than has ever been before manifested in Florida."

Already there is an awakening among the people. Dr. Conradt, of the College for Women, reports today a list of 141 applicants for residence in the dormitories. This far exceeds anything that has yet been done by the Woman's College at so early a date. Dr. Murphree, of the University, writes that his list is double that of last year, which shows that the Florida State institutions are forging ahead into reputation and prominence.

Misfortune to Citizen.

Hen. J. T. Bernard, one of Tallahassee's oldest and most honored citizens, had the great misfortune this morning to fall and break his hip. He stumbled over a rug in rising from his office chair. Medical assistance was close at hand and the Judge was carried to the residence of his son-in-law, Mr. T. B. Byrd, where he will be tenderly cared for. Fortunately the fracture was a "clean" one, and easily managed, and the patient is at ease in body and cheerful in spirit.

RAMSEY RETURNS WITH MAN.

Secured the Right Party Through Proper Description.

From Friday's Daily Sun:

Sheriff Ramsey returned Thursday with the negro, Will O'Neill, who he had arrested by Sheriff Perry of St. Augustine.

Mr. Ramsey states that the negro strongly denies that he is the guilty party, but he has already been recognized by a number of citizens who know him and who state positively that he is the party wanted for murdering his wife at Micanopy.

This was a valuable catch for the sheriff inasmuch as the negro has been absent from the county for about two years, during which time he has visited numerous places, and had traveled considerably, but Sheriff Ramsey had been on his trail, finally having him arrested in the Ancient City.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. J. W. McCollum & Co.

Got Life Sentence.

From Friday's Daily Sun:

Pete Shipman, who killed Henry Bookington at Newtown, in October, 1907, was allowed to plead guilty to murder in the second degree before the circuit court in session at Bronson this week, and received a life sentence in the State penitentiary.

Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver troubles and habitual constipation. Cleanses the system and is pleasant to take. W. McCollum & Co.

KEEP THE KIDNEYS WELL UNIVERSITY BUILDINGS ARE GOING UP

Health is Worth Saving, and Some Gainesville People Know How to Save It.

Many Gainesville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Gainesville citizen's recommendation:

Mrs. E. H. Walters, 108 N. Oak avenue, Gainesville, Fla., says: "My kidneys were disordered for some time and I could find nothing that would relieve me. I suffered greatly from headaches and was often so dizzy that I could not stand. Seeing Doan's Kidney Pills advertised, I procured a box and began their use. They acted quickly and it was not long before I received relief. I have no hesitation in giving Doan's Kidney Pills my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

DEPUTY WYNNE GETS ANOTHER BAD NEGRO

SHOT SUPERINTENDENT OF MUTUAL MINES LAST WEEK.

Party Was Located at Dunnellon, Where He Was Placed Under Arrest.

From Friday's Daily Sun.

Henry Jones, the negro who shot E. L. Dennis near Newberry last week, has been arrested and is now lodged in the county jail owing to the efficient work of Deputy Wynne of Newberry.

There was a general row in a "juck" located close to Mutual Mine No. B, when Mr. Dennis, who is the superintendent in charge, went out to stop the occurrence and the negro shot him in the hand, taking off three of his fingers.

Following the shooting, and in a general fight that was in progress, the negro made his escape and was later located at Dunnellon by Deputy Wynne, who had Marshal Thomas of that place arrest the man and he went for him.

Mr. Dennis offered a reward for his capture, as well as the mine people, and it was not long afterwards before the deputy was "hot on the trail" of the fugitive.

About the time of this occurrence there were a number of fights in that section and Sheriff Ramsey made a special trip there to try and locate the parties, but some of them had made good their escape by the time of his arrival.

The negro will be given a preliminary hearing in this city before Judge Mason today, unless he waives examination and awaits the action of circuit court.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequaled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by all druggists.

Amputation of Finger.

From Friday's Daily Sun:

H. R. Wilburn, who suffered injury to his left hand by the discharge of a gun which he was cleaning at the store of the Gainesville Hardware Company about two weeks since, continues to suffer from the effects of the wound, and on Thursday it was found necessary to amputate the forefinger of the left hand. Blood poison was threatened, but it is now hoped that he will soon regain his normal health.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold by all druggists.

CONCRETE WORK FINISHED ON ADMINISTRATION BUILDING.

Bricklayers to Commence on Their Work Next Week With a Large Force.

From Friday's Daily Sun.

Work is progressing rapidly on the new buildings at the State University and the contractor, J. J. Cain, who was here Thursday, states that he will have the buildings all completed by April, next, should nothing unforeseen happen.

The foundation for the Administration building, which is made of concrete, has all been completed and brick work will be started there by the first of the coming week, a force of about fifteen masons being employed on the job.

This building will be 140x66 feet with a few inches over, and will be three stories in height with basement. The basement proper will be used principally for storage purposes, while the remaining three stories will be used for recitation and class rooms, being especially arranged for these purposes.

The Experiment Station building will be a most handsome structure and the excavations for the foundation are now being made. This building will be four stories, including the basement, and will extend 108x67 feet, being amply large to accommodate the present demands.

Supt. S. C. Reed, who has charge of the work for the contractors and who is "onto" his job, is rushing both places and is kept busy superintending from one point to another, but says that both will be ready to turn over to the trustees by April of next year, even though they are large buildings.

Several carloads of brick have already been placed on the ground, and a number will arrive daily, so by the time the brick work starts next week the greater part of this material will be on hand.

Capt. Shehee's Menagerie.

Capt. W. G. Shehee of High Springs was among the visitors to Gainesville Wednesday. Besides conducting a first-class produce business, the Captain has one of the largest menageries in this part of the State and can supply most anything wanted in the animal line that the law will permit him to sell. His greatest money-maker, however, is the gopher, and he successfully raised a large number of them last season which found a ready sale in St. Augustine.

STOMACH TROUBLE.

Had It for Years Until He Heard of Mion—J. W. McCollum & Co. Sell It.

If you suffer from indigestion, belching of gas, lump of lead on stomach, biliousness, dizziness, foul breath, nervousness, constipation, or headache, give J. W. McCollum & Co. 50 cents today for a box of Mi-o-na, the celebrated stomach prescription, and if it doesn't cure you they will give you your money back. It relieves painful stomach distress in five minutes. Read the following:

"I had stomach trouble for years. After eating I would be troubled for an hour or so with indigestion. I bought one box of Mi-o-na tablets from Gaffney Drug Co., which completely cured me. That was 12 months ago and to this day I have not been troubled again."—J. B. Haskey, Gaffney, S. C., April 20, 1909.

Mi-o-na is the best prescription for stomach trouble ever written; not only does it give quick relief, but it cures permanently because it thoroughly cleanses, renovates, builds up and puts elasticity into the stomach and bowels. Mi-o-na is put up in tablet form and is small and easy to swallow. Sold by leading druggists everywhere and in Gainesville by J. W. McCollum & Co., who rigidly guarantee them. Test sample free. Address Booth's Mi-o-na, Buffalo, N. Y.

HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

HERBINE

A PURELY VEGETABLE COMPOUND. CURES BILIOUSNESS, CONSTIPATION, DYSPEPSIA, MALARIA, CHILLS AND FEVER AND ALL LIVER COMPLAINTS.

A GUARANTEED CURE for all diseases caused by a TORPID LIVER. One bottle purchased to-day may save you a serious sick spell tomorrow.

STEEL STRUCTURAL WORK COMPLETED

LAYING OF STONE TO BE COM-
MENCED NEXT WEEK.

Two Hundred and Twenty Tons of
Steel in Framing of the
Federal Building.

From Thursday's Daily Sun:

All of the steel structural framing has been placed on the mammoth Government building now being erected in this city, which shows that the building will be of large proportions.

While the work has not been entirely finished, what has been done has been placed in position in a remarkably short while considering the small number of men that have been employed.

Superintendent Miles, who has charge of the work for the King Company, states that Mr. Longere has been most successful in the entire undertaking and has demonstrated that he fully understands his business when it comes to placing steel structural work.

The force will remain here for a few weeks yet, owing to the great amount of riveting that will have to be done, but all of the steel has been placed, consisting of four stories and roof, making it the tallest building in the city at the present time.

By the first of next week, Mr. Miles states, they will commence placing the stone in position and the derrick is now being arranged for this purpose. The brick work is progressing most favorably, but as it will require something like 500,000 brick in the contract, it will be readily seen that this part of the work will last for some time to come.

In the steel contract there were 220 tons that had to be placed in position and bolted up, but by the hard work of Mr. Longere and his force they have completed this part of the work in a little over two months, which is a most satisfactory showing.

Hoppity Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature, use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00. Sold by W. M. Johnson.

Experience With Opossum.

Cashier E. D. Turner of the Dutton Bank had an exciting experience Wednesday evening with a large fat opossum which had been giving him trouble for the past few weeks by taking some of his choicest fowls from the hen house. On Wednesday night, however, he made his appearance earlier than usual, with the result that he found Mr. Turner up and ready for the game with his gun, and after shooting the "varment" four times and not killing him he was compelled to demolish him with an axe.

Many people delude themselves by saying "It will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear. J. W. McCollum Co.

"Old Stand With New Name"

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

NEWS FROM REX.

REX, Sept. 23.—Cotton picking is still the order of the day.

The Godwin school opens next Monday with Miss Hattie Hawthorn as teacher.

Robert Weeks and wife visited Mrs. Godwin last Sunday.

A. A. Wetherington of Madison has been visiting his daughter, Mrs. Samuel Shaw.

The wreck on the S. A. L. near Lochloosa Sunday night was right "scary," but fortunately no lives were lost.

Most of our farmers are inquiring everywhere for hogs to eat the peanuts, corn and other such stuff they have raised this year. They should raise the feed and hogs both next year.

Miss Marie Shaw entertained a number of her little friends last Thursday afternoon in honor of her eighth birthday. After they had played a number of childish games they were invited in the dining-room where ice cream, cake, fruit and candy was served. Miss Marie received a present from each child and they all wished her many happy returns of the day.

Miss Pearl Huff expects her sister, Miss Bessie, from Virginia, to visit her next week.

Most of our farmers are planting their fall gardens. **OLD MAID.**

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by W. M. Johnson.

Contractor Cain Here.

From Friday's Daily Sun:

J. J. Cain, who has the contract for the University buildings, arrived in the city yesterday to be here for the next few days looking after his interests. He expressed himself as highly pleased with the fine progress being made upon the work, all of which will be rushed to completion as fast as possible.

Warning.

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. J. W. McCollum & Co.

YALE MAN TREASURER.

WASHINGTON, D. C., Sept. 24.—Lee McClung, the treasurer of Yale University, has been selected as the Treasurer of the United States to succeed Charles H. Treat.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all druggists.

SENT UP ON CHARGE OF EMBEZZLEMENT

NEGRO FROM NEWBERRY WILL
DO TIME IN CAMPS.

Failed to Divey With His "Pal,"
Who, in Turn, Gave Him
Away.

From Saturday's Daily Sun:

Deputy Sheriff Wynne is "bringing them" this week, as following up his catch of Tuesday at Dunnellon, he succeeded in landing another negro wanted on the charge of larceny at Newberry and who has been convicted in Justice Carter's court there and sentenced to the "gang."

Jim Jackson, it seems, is one among a number who had been in the pilfering business to some extent in that section, but this time it was one of his "pals" that gave him away for not "diving up" with him in a haul made recently. As a result he was easily landed by the deputy and carried before the justice and convicted.

Since the mines have begun to open up and resume operations, along with the mills and turpentine camps, Newberry is again filling up, and now that nearly all of the larger places are running on full time, it keeps the officers on the move to get hold of the criminals and wrong-doers. Deputy Wynne, with others, is proving equal to the occasion and lands them about as fast as they disobey the law.

Jackson will be held here the required time before being sent to the camps to serve his time on the above charge.

A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." J. W. McCollum & Co.

Is a Tough Character.

In speaking of Sheriff Ramsey's stay in Jacksonville while en route from St. Augustine to this city with Will O'Neil, the negro wanted for cutting his wife's throat at Micanopy several weeks ago, The Metropolis says: "During his stay in the city Sheriff Ramsey left his prisoner in a detention cell at the police station. O'Neil is well-known to the local police and on August 26th he was arrested on a charge of fighting and sentenced to sixty days in jail. He was allotted for work in the yard of the police headquarters and escaped on September 2nd.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Sold by W. M. Johnson.

PEARY WILL QUIT NAVY.

WASHINGTON, Sept. 24.—Commander Robert E. Peary will resign from the United States navy in order to spend the remainder of his days in writing and lecturing. This is the information given out in naval and scientific circles in Washington.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all druggists.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

ENTER ANOTHER PLACE.

Thieves Are Still Working Business
Houses at Alachua.

From Saturday's Daily Sun.

Thieves are still working the little city of Alachua and their last act was to break into the store of the Bishop-Harrison Company, where they helped themselves to a quantity of provisions and furnishings.

This is the fourth or fifth time they

have entered this store, also of and it seems that just when some is "on the watch" to catch up the thieves they are in some part of the town at their work.

A meeting of the merchants be held and they will club together and hire a night watchman to and land the guilty party or parties.

Isn't there something which
want ad. can do for you today?

Two leading watch manufacturing concerns have sent out notices to jobbers advising them of an increase of about 7½ per cent on all lines of watches, this increase in price being explained by the jobbers as equaling the change in the tariff.

George Gray Ward, vice-president of the Commercial Cable Co., has announced that the company will start the laying of the second cable between Newfoundland and England in November. Work on the first cable has just been completed.

The W. C. T. U. of Miami, 180 strong, have resolved to boycott all merchants in the Magic City who fail to sign the petition for calling a "wet" or "dry" election in Dade county. It is doubtful if this move will strengthen the prohibition cause there.

FLORIDIANS DON'T KNOW WHAT PARADISE THEY HAVE.

The Tallahassee correspondent of The Savannah News says members of the Tallahassee Chamber of Commerce the other day listened to an interesting talk by A. S. Meharg, the Government agricultural expert who is there mapping out a course of demonstrations in practical farming.

Among other things, he said: "It is a hard thing to go out of your State and convince others that Florida is more than an orange and citrus growing State, and a place for invalids. Why, the people don't know what a paradise you live in. Most any crop can be grown here, and it is fine for stock-raising. Say, what do you do with your cotton seed? I'll tell you; you send it to the oil mill, it is ground up into meal, and then what becomes of it? Those thrifty Northwesterners buy it up, feed it to their cows, make butter and ship it right back here for you to put on your table. Yes, they can actually pay the freight on the cotton seed meal to get it, pay freight on the butter they ship to you, and then make a good margin on it and are getting rich at it, too. Some fellows when you tell them that will say: 'O well, Florida is no stock-raising country.' Bless your heart, men, there is no better place on God's green earth than Florida.

"Agricultural prosperity is what we need. Do you know the average earnings of a farm hand in Florida? It is only \$136 a year. Now do you wonder that the farms are being vacated? Do you wonder why the farmer wants his sons educated in some other profession? Can this condition be changed? Yes, materially. Think of Iowa. That State used to be in the same plight. Look at it today. The average farm hand's earnings there are \$1,100 a year. The wealth of Iowa is in the farmers' hands. They own the majority of the bank stock. How did they do it? Just by following the instructions given them by experts. If the farmers in your section would only do that, agricultural prosperity, which is real prosperity, will soon dominate here."

WHAT IT COST LAMAR.

Ex-Congressman W. B. Lamar, writing to The Tallahassee True Democrat, says: "I was sorry to miss the United States Senate, of course, but I am enjoying private life. Do as you please, say what you please, travel as you please and no one to say nay. Public life is fine, in a way. But it is an exacting life, for you have the people always to please. And it is an expensive life. Five years of it in Washington City cost my wife and me over \$70,000. And my salary and mileage for that time was somewhat over \$30,000. We both appreciate highly the honor we had, but it cost us nearly \$40,000 more than we received."

And yet in the face of this men clamor for the privilege of representing the people at Washington. But then, probably, most men would not spend as much money—or have it to spend—as did the Ex-Congressman from the Third.—Madison Enterprise-Recorder.

Albert T. Patrick has been in the New York State prison nine years. He was sentenced to death for the murder of William Marsh Rice. Governor Higgins commuted the sentence to life imprisonment. Patrick contends that there should have been no commutation; that if he is guilty he should be executed, and if innocent he should be liberated. He has made a remarkable fight for his freedom, and we venture the prediction that in the end he will win, says The Savannah News. There has always been a shadow of doubt of Patrick's guilt. The chain of evidence against him is very strong, still the share of doubt remains and it has been sufficient to keep him out of the electric chair for nine years and secure a commutation which makes the chair an impossibility. As time passes this element of doubt is going to be magnified and the day will come when a court of competent jurisdiction will say that the law has been satisfied and that Patrick shall have his freedom.

Governor Johnson's untimely death cut short a career which promised to have a broader field of activity in the near future. He was of a class of politicians all too small in this country and his loss is a national, no less than a State, bereavement.

Not Coughing Today?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. He knows. No alcohol in this cough medicine. J.C. Ayer Co., Lowell, Mass.

Robust health is a great safeguard against attacks of throat and lung troubles, but constipation will destroy the best of health. Ask your doctor about Ayer's Pills.

WITH FLORIDA EDITORS.

A South Dakota woman advocates the chloroforming of all idiots. What a fool notion! Why not send 'em to Congress to revise the tariff?—Esterio Ear.

A St. Petersburg man has "found the pole." It was an electric light pole and it fell on him while he was at work in the street.—St. Petersburg Independent.

"Pellagra" in an Atlanta woman was distinctly traced to eating corn-bread; and yet she declared she had not tasted any since she was a child.—Lake City Index.

A prohibition candidate out in Kansas had so much campaign literature left over that he stored it in the barn, not thinking about the cows. The bovines ate the temperance matter and every old cow on the place went "dry."—Palatka Times-Herald.

In childhood poverty prevented his getting much to eat; in the mad scramble for millions he took no time to eat; in old age, when surrounded by all that millions could give, nature exacted the penalty and he could not eat. And so E. H. Harriman literally starved to death with the choicest of the world's luxuries set before him. After all, what was his "success" worth?—St. Petersburg Independent.

THE TRIBUNE MIXED.

Jesse Burtz' directory count gives Gainesville a population of 5,127. Nearly half are colored. In fact, Jesse is quite an artist in "black and white."—Tampa Tribune.

The writer of the above evidently meant Orlando instead of Gainesville, since Mr. Burtz has not compiled a directory for this city in over a year, but is at present engaged in this line of work for the South Florida city.

In the directory compiled by Mr. Burtz here in 1899, the population of Gainesville was shown to be a little more than 4,000. The directory of 1905 gave the population as 5,254, and the directory of 1907-8 places the population at 7,335. These latter figures were made over a year ago—and Gainesville is still growing.

The Lakeland News draws attention to one point in which the present census law differs from its predecessors wherein it will be more within the range of probability that an accurate count may be made in Florida: "It was stated, by inference, in these columns last week, that the federal census would be taken next July. This is erroneous. The census law requires that the enumeration of the population shall be taken as of the 15th day of April, 1910. Heretofore the count has been made in July. The change in time is an advantage to Florida, as in July many citizens are absent from the State, and might not be counted, but in April the full, permanent population is 'present' and should be 'accounted for.' The Times-Union fell into the same error of supposing it would be taken in the summertime and is glad to be corrected.—Times-Union Short Talks.

According to M. C. Mohr of St. Petersburg, one of the peculiarities about the guava is that the seed from the same guava will not produce the same fruit the second time. Take seeds from the same fruit, plant them and you will have almost as many different varieties of the fruit as the number of seeds planted. The best way to get a second tree is to take the branches from the guava bush, cover them with earth for more than a foot. The result, in less than a year, will be that the limb has rooted and from this the tree can be had.

Lakeland now has two large wholesale institutions, which is additional evidence of the growth and prosperity of that city and surrounding country.

SEA ISLAND COTTON.

Florida Receipts Not of Very Good Quality Past Week.

SAVANNAH, Ga., Sept. 25.—The market for Sea Islands has been firm, with a good demand, which readily took up the offerings at hardening prices. Good grades were mostly in request and factors' tables were swept daily, the week's business being quite large for the season.

With occasional exceptions, the Florida receipts are not of very good quality, showing the effect of the excessive rains. There is no change in the general tenor of crop accounts, and the feeling is generally bullish, only the Savannah trade is again more or less handicapped by the persistent selling in the interior below the Savannah quotations. Sales for the week, 1,492 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

THE SUN'S CORN CONTEST.

With a view to showing what is done in Alachua county in the way of producing corn, The Sun offers the following cash prizes for the best corn brought into the office before October 15th, 1909:

Best stalk of corn, showing two or more well-developed ears\$3.00
Second best stalk of corn 1.50
Best ear of corn 2.00
Second best ear of corn 1.00

The corn entered must be grown in Alachua county; must be delivered at The Sun office, all charges paid, before October 15th, and be accompanied by the grower's name, address, number of acres grown, average yield per acre, variety, and a short description of the method of cultivation.

The exhibits will be placed in some public place and left on exhibit for a few days at the close of the contest.

The awards will be made by competent farmers, who have not entered any corn in the contest.

The object in offering these prizes is to stimulate our farmers to better things in the way of crops for home use and to ship.

NOTICE.

Notice is hereby given that on the 28th day of October, 1909, I, as administrator of the estate of Martha C. Foreman, deceased, (with me will annexed), will apply to H. G. Mason, County Judge of Alachua county, Florida, at Gainesville, for an order to sell the following real estate, for the purpose of paying debts of deceased, to wit: The S½ of NW¼ and E½ of SW¼ of Sec. 27, Tp. 8, R. 17 E.

Increasing Business

Thursday and Friday, Sept. 30 and October 1.

WALDO, Sept. 24.—Mr. and Mrs. Hugh Williams, who after doing a mercantile business for years, sold out some time ago, are to build a brick store and resume business in the near future. Material is being placed for building on the vacant lot between the bank building and Hicks' block.

While Mrs. Hugh Williams was away on her trip to the mountains her dwelling was robbed of valuables to the amount of at least \$80. Some of the articles have been recovered, but the thief has not been arrested. He is supposed to be a negro who was doing painting in the house, and has since disappeared.

John P. Entenza has moved his cigar factory to Jacksonville and his family has broken up housekeeping preparatory to moving there also. This family will be very much missed in society and church circles. Mrs. Entenza is an accomplished pianist and teacher, and is organist, and Mr. Entenza bass singer in the choir at the Methodist church.

Confederate veterans are anxious about their applications for pensions under the new law, not having heard from them yet, and the pension if allowed would be due October 1. There are a number of them who get their mail at this postoffice.

There is general complaint that the excessive and continued rains of the summer have cut down the sweet potato crop, and damaged the cotton crop fully one-half.

Orlando B. Weeks is having a barber shop built between Strickland's block and the Entenza building and will move in as soon as completed, renting his former place.

Mrs. Amy M. Atwater has received her commission as postmaster, succeeding her late husband. She is undoubtedly the most popular person who could have applied for the position, and she is congratulated on all hands.

Charley Marney, a conductor on the Seaboard Air Line railroad, will leave in a few days for Atlanta to take a course in medicine and to become in time a full-fledged M. D.

While the train waited fully twenty minutes, J. B. G. Smith and Miss Annie Lee Stokley of Drifton, Fla., were married on the station platform at Lake City a few days ago. The parents on both sides objected. It was a runaway match.

New Line of L. C.

SMITH High-Grade

Hammerless Guns

The Smith Guns never shoot loose, and are so guaranteed. It's locks are so simple and strong, take up all wear automatically. This gun is distinctively a top-action gun; the strength of the bolt and the remarkable simplicity of the locks are features for which it has become famous.

OO Grade, with armor steel barrels, 12 and 16 gauge, 26, 28, 30-inch barrels.....\$25.00

OOE Grade with automatic ejector, as above.....\$35.00

OE Grade, Damascus barrels, automatic ejector, English walnut stock, pistol grip, 12 and 16 gauge, 28-30-inch barrels—given up by all expert shooters to be the best gun that is manufactured for the money today.....\$47.50

GAINESVILLE HARDWARE CO.

EDUCATIONAL RALLY WILL BE BIG EVENT

CAMPAIGN FOR EDUCATION TO
OPEN IN GAINESVILLE OCT. 8.

Many Letters Being Received by
Secretary Lynch From Those
Offering Services.

There is no longer any doubt that the educational campaign to be inaugurated here Friday, October 8th, is to be one of the greatest and most far-reaching movements ever started in the State. We have the opportunity of judging its increasing popularity because the office of the executive secretary, Capt. G. M. Lynch, is open to us every day in the week.

Letters from high school principals are received daily approving the work of the conference and insisting that their towns shall be included in the schedule of meetings. Letters come from prominent men from all sections of the State tendering their services in the field. County superintendents in North, Middle, South and East Florida are sending in requests for three or more rallies in their counties. A number of the leading newspapers in the State offer their columns to the managers of the campaign. A number of school boards have appropriated fifty dollars to the campaign fund and the financial embarrassment which the managers faced at the beginning of the campaign is greatly relieved. It is the belief of Capt. Lynch that every county will make the fifty-dollar appropriation.

"In the event this campaign results in a strong awakening of the people, something will be presented to Florida which will make every school official in the State proud of the part he took in it," said Capt. Lynch. "Already we are having the movement advertised in other Southern States as the 'Florida Movement' and if we carry out our plans the 'Florida Movement' will be known as the beginning of an educational renaissance in the South. We do not purpose that Florida shall be second, third or any other subordinate rank in the list of Southern States educationally, but first!" the Secretary emphatically declared. "This campaign," he continued, "is to put an end to Florida supplying even one per cent to a continuing basis of illiteracy."

The President of the National Educational Association, Dr. Joyner, North Carolina, writing to State Superintendent Holloway, says: "Of course I will be with you in that campaign. It is a magnificent movement." Dr. P. P. Claxton, chairman of the campaign committee of the South, Tennessee, writes, "I will be with you a week in October and would like to make four speeches a day. It is a great movement." Dr. J. B. Aswell, ex-State Superintendent of Louisiana and president of the State Normal of that State, sends greetings, and after speaking of the campaign as a "great work" adds, "If you will give me the exact dates when you want to use me in your campaign I shall try to arrange my work to be with you." Dr. Wickliffe Rose, executive secretary of the Southern Education Board, writes, "I should like to co-operate with you. The object of your campaign gives to it a very definite and appealing purpose."

The Board of Trade of Jacksonville at its monthly meeting endorsed the movement by appointing seven of its leading members on a special committee to co-operate with the managers of the campaign. We hope the boards of trade in every large city of the State will follow the example set by the Jacksonville board.

An educational committee of seven, with Major Eugene Matthews at the head, will push the propaganda through the press and take an active part in the field.

So we find the school men, the business men, the farmers and the editors enlisted together in the work. Gainesville must have a record-breaking crowd at the first meeting, Friday evening, October 8th. This meeting will be reported in every county of the State. Five strong speakers have been assigned to the Gainesville rally.

Tampa has received official recognition from the Department of Commerce and Labor that she is to have the immigration office headquarters for the States of Florida, Georgia and Alabama.

COUNCIL PASS TWO MORE ORDINANCES

AUTO AND BICYCLE QUESTION
DISPOSED OF FOR PRESENT.

Users of Bicycles Had Best Procure
a Copy of Ordinance No. 189.
Other Matters.

The City Council met in adjourned session Thursday night with President Froome, Aldermen Burnett, Colclough, Godwin, Graves, Phifer, and Clerk Bell, in attendance.

A communication was read from G. Henry Davis asking permission for the erection of a shed in the rear of the store building owned by Bodiford & McCollum on East Main street, and which would be facing the alley between this street and their stable building. The matter was referred to the Fire Committee with power to act.

On motion of Alderman Burnett, Ordinance No. 189 was placed upon its second reading, each member voting "aye" with exception of Alderman Graves, who voted "no." This ordinance is for the regulation of bicycles on the sidewalks of Gainesville and permits the riders to use certain sidewalks only in certain parts of the city, but is some better for them than the law formerly in effect. Parties using wheels, however, had best study the ordinance, for the restrictions are limited, and they are liable to be arrested for the offense. It was finally passed with a few amendments.

Ordinance No. 190 was, upon motion of Alderman Phifer, referred back to the Ordinance Committee.

Alderman Graves moved to place Ordinance No. 191 upon its first reading, which was agreed to. This ordinance was taken up in sections and passed on its several readings and the title adopted. It is for the regulation of automobiles within the limits of the city and prescribes the speed and restrictions with which they are to be used about the city.

Alderman Colclough moved an adjournment; carried.

DEATH OF DR. PEARCE.

Passed Away at Home of His Mother
on Friday Morning.
From Saturday's Daily Sun:

Dr. Harry L. Pearce, who was a prominent young man of this city, and who had just attained his manhood, died at the home of his mother, Mrs. Robert Wixson, on East Liberty street, at 8:40 on Friday morning after suffering a few months with consumption.

Deceased was in his twenty-fifth year and was, up to a few months since, actively engaged in the practice of his chosen profession, dentistry, having associated himself with Dr. Alderman, where he had established a most satisfactory practice.

He graduated from school only about two years ago, and during the first year practiced at Lakeland, later returning to Gainesville and engaging in business with Dr. Alderman.

About eight months since he was married to Miss Lyde Bowers, one of the sweet and attractive young ladies of Gainesville, and his wife has constantly attended him during his illness, having visited a number of places with her husband in the hopes of it proving beneficial to him and again restoring his health.

The body has been embalmed by Undertaker Robert McClellan and will be held until Sunday morning, the funeral to occur at 9 o'clock, the delay being occasioned to await the arrival of some relatives who are expected to arrive by that time.

While the patient had been gradually and rapidly sinking for the past three months, it was not thought that the time of his demise was so near, but on Friday morning about 5 o'clock he had his final sinking spell and was shortly beyond aid, never having regained consciousness.

Dr. Pearce was a member of several of the secret societies and was taking his degrees in Masonry at the time he first became ill, hence that body will very likely have charge of the funeral arrangements.

All the members of the family were notified and were with him at the time of death, except a sister, Mrs. W. O. Downing, who will reach the city by tomorrow.

The funeral arrangements will be announced in tomorrow's paper.

HOLY ROLLERS WAITED FOR WORLD TO END

DECLARED THEY WERE READY
FOR THE MILLENNIUM.

Collection Boxes Passed Despite Belief
That Material Things Would
Soon Be Valueless.

WEST DUXBURY, Mass., Sept. 25.—Awaiting the end of the world, which they believe will come before 1 o'clock tonight, the 300 or more members of "The Latter Reign of the Apostolic Church," who call themselves "Triune Immersionists" and are popularly known as "Holy Rollers," reassembled last night for a long watch meeting in their Bethel at Ashdod, on the main turnpike between Boston and Plymouth.

Hundreds of curious people from the neighboring villages lingered outside to note the progress of events, but as the curtains at the windows of the Bethel were all drawn close, little of what occurred within was evident to outsiders. Apparently there was a praise service and exhortations and occasionally a voice pitched high in prayer was heard exclaiming, "O Lord come soon; don't disappoint us."

One Prophecy Fails.

Although 10 o'clock Friday forenoon was originally set as the hour of the coming of the end of all things, the faithful showed little disappointment when one of the elders announced that he had a new revelation that the world would not be destroyed until some time during the twenty-four hours beginning at 6 o'clock last night. At 4 o'clock yesterday afternoon the meeting, which had continued all day, was adjourned for supper. Later the members of the sect returned from the watch service.

Throughout the meeting almost unprecedented enthusiasm and fervor have been manifested. Those participating come from every section of New England, while some journeyed from as far as Virginia.

As the forenoon passed the devout company decided, for reasons not announced, to close the chapel and move across the road to "The Bethel," a large frame structure belonging to the society, there to await the end. All but "the believers" were excluded, the doors were closed and the curtains in the windows lowered.

One of the leaders was overheard to say that if "the purification" or end of the world did not occur before 6 p. m. today it would, in his opinion, be postponed for fifty years. Many of the believers expressed dissent from this statement.

HAD NARROW ESCAPE.

Superintendent of Turpentine Retort
at Wilcox Painfully Injured.

WILCOX, Sept. 24.—J. S. Painter, superintendent of the turpentine retort, on his usual round reviewing repairs that had been made on the incline belt, lost his balance and fell in the trough and was very seriously hurt. He received cuts on head and face, one finger was mashed off at the first joint, three fingers knocked out of place, one side and hip badly bruised, and a narrow escape of life. Had it not been for Harry Painter's aid until the power engine could be stopped he would have been killed.

Mr. Painter is suffering much pain, but at the same time the wounds are doing as well as can be expected. W. F. Anderson has removed to his new residence and will make Wilcox his future home. Our citizens extend a welcome to all that desire to locate here.

J. N. Pardin of Newberry was here this week treating his old friends with a pleasant visit and interrupting the funny tribe of the Old Suwannee. Deputy Sheriff Petterson arrested Ed Anderson, colored, Saturday on the charge of conducting a blind tiger. He was tried Monday before Justice Everett and was acquitted.

Party at English Home.

From Sunday's Daily Sun:

There was a pleasant surprise party given at the English home at Tacoma on last Friday evening, when a large number of their friends of the surrounding country assembled for the purpose of paying a surprise to them. The evening was spent in games and other amusements and all present report a most delightful time.

PRESIDENT TAFT WIT- NESSED COW-GIRL R

MONTROSE, Col., Sept. 24.—President Taft passed yesterday on the western slope of the Rocky Mountains and amid a succession of scenes typical of the great Western country.

Late in the afternoon Mr. Taft stood on the brink of the deepest irrigation ditch in all the West, and far out in the foothills, with not a settlement in sight, made the electrical connection which started a flow of water through the Gunnison tunnel that will reclaim 140,000 acres of arid land. It was the setting in operation of the greatest irrigation project the United States Government has ever undertaken, and the opening was made the occasion of a joyous celebration throughout the valley of Uncompahgre.

Before traveling out to the west portion of the tunnel on a little narrow gauge train the President visited the Montrose County Fair, and after some formal speechmaking in which he and the Mayor and the Governor and several others participated, he was given a real touch of Western life—relay race of cowgirls. The race was arranged especially in honor of the President and was a novel and

exciting affair. A girl of matched against two older carrying the sympathy of with her from the start, and a half-mile race with ters of a mile.

During his travels yesterday President had ample opportunity to study the effect of irrigation long time his train would stretches of country where the eye could reach the of tion in sight consisted grease-wood bushes or a Then out of a rocky canon suddenly would rush upon oasis, where waving green alfalfa and miles of orch trees laden with fruits to miracle wrought by the water.

At Grand Junction and Montrose the President fruit exhibits of the county was told the almost un story of the season's yield ous peaches, apples, pear vari-colored grapes and al other kind of fruit, as well ous samples of the vegetab of the district, were shown President.

Georgia Will Get \$100,- 000,000 for Cotton C

ATLANTA, Ga., Sept. 23.—More than \$100,000,000 will be distributed among the people of Georgia alone during the next six months through the marketing of the cotton crop, according to Harvey Jordan, president of the Southern Cotton Association, and one of the leading cotton men of the country.

"With spot cotton selling at 12½ cents at interior points and cotton seed at \$19 per ton," he declared, "the fall season is opening with a veritable tidal wave of prosperity which will increase the pulse of trading in all departments.

"The crop will be shortest in Texas.

Oklahoma, Arkansas, Louisiana, Mississippi, while the prod all the Eastern States will that of last year. Reports a considerable portion of was sold during the summer ers and supply merchants ery in October and Novem when these deliveries are original hedges sold again will have to be bought in fact alone will tend to streng maintain the market."

The Tribune says Tampa have spent \$1,000,000 for auto Prosperous people down there

NEWS OF CITY AND COUNTY CONDENSED

From Sunday's Daily Sun:

Dr. J. T. Ruff of Newberry was a visitor to the city yesterday. He came for the purpose of taking over his new automobile, which was shipped to this city with a solid car.

Prof. Thos. Poppell of New River was here yesterday. He left in the evening for Trenton and will open the high school at that place on Monday, having been assigned as principal there this term.

Miss Nancy Brown of Lakeland arrived in the city yesterday to make the necessary arrangements for the opening of her school at Antioch on Monday morning, and left for that place in the afternoon.

It is with the careful study of all the latest styles, and personal attention to the selection of same, that enables me to give my customers satisfactory millinery. Mrs. F. T. McCormick. Sept. 30 and Oct. 1.

Dr. E. R. Flint, of the University faculty, who has been absent for the past summer in Panama, has returned home to resume his duties. He brought with him a young "boac-strictor" which he will add to his collection.

Lost—Ladies' solid gold hunting-case, "O"-size Waltham-movement watch, with small scratched number in back case X 7179; on fob was a Randolph-Macon pin and half-dollar charm. May have been lost on Gainesville-Rochelle-Micanopy road. Reward for return of same to this office.

G. E. Burnett of Haynesworth was a visitor to the city yesterday. He says that the farmers are busy and are well satisfied with their crops, even if they did have a dry season in the early part and too much rain in the latter. They feel that it will benefit all by the shortage of cotton, for it advanced the price.

The cornerstone of the Masonic Temple at Ocala will with impressive ceremonies tember 30th.

WHOLE FAMILY KILLED; ROBBERY THE MOTIVE

BLUEFIELD, W. VA., Sept. 23.—An entire family of six persons were murdered and the bodies of all but one of the victims were burned with their home at Hurley, Buchanan county, Virginia, early yesterday. The motive was evidently robbery, as the owner of the house, an aged woman known as "Aunt Betty" Justis, was generally supposed to keep a large sum of money about the place.

Mrs. Justis, her son-in-law, George Meadows, his wife and their three children were the victims.

Meadows' body, badly mutilated, was found yesterday morning lying in the yard of his destroyed home, the funeral pyre of his loved ones. Two bullet holes through the body and a ghastly wound in the neck, which almost severed the head from the body, gave the discoverers their first evidence of the extent of the tragedy.

A search of the ruins of the house disclosed a sickening spectacle. The blackened masses of half-burned flesh

and charred bones of two women and three children were found beneath the debris, each body bearing evidence of murder committed before the house was destroyed by fire, evidently for the purpose of hiding the crime. The elder woman's skull was upturned some distance from the remainder of her half burned body among the smoldering ruins.

Another daughter of Mrs. Justis told the police that her mother had a large sum of money buried under the sill of the house and they succeeded in digging up \$950 in gold and silver. The murderers are supposed to have obtained the \$600 which "Aunt Betty" always carried on her person.

Bloodhounds were rushed to the scene and in short time they took the trail of the supposed murderers in a corn field which joined the Justis home. There the foot prints of three men were found impressed in the soft soil. A posse of citizens heavily armed are following the bloodhounds, bent on lynching the murderers if they are captured.

Dickinson Says South Does Right to Revere It's Sons

NASHVILLE, Sept. 23.—Secretary of War Dickinson, as guest of honor of the Daughters of the Confederacy at the State Fair yesterday, made an address in which he said: "I always kept on conspicuous display in my residence portraits of Davis, Lee and Jackson, and with them the Confederate colors. They were seen there by our President, by the son of Grant and by the son of Lincoln, and by many Union soldiers. It never occurred to me to offer any explanation or apology.

"Sensible people of the North know that, in cherishing these sentiments, in holding these convictions, in caring for the graves of our dead,

in erecting monuments to perpetuate their fame, in giving the true history of our contest and in teaching our children to reverence the memory of those who sustained the Southern cause, there is no protest against the Government under which we live."

In recounting the bitter sentiments formerly existing on account of the Civil War, Mr. Dickinson told this story: "I recall that Gen. Luke E. Wright told me that one day his boy came from school and asked if his grand father, Admiral Semmes, was a pirate, showing in his history where it was so recorded. A different spirit," Mr. Dickinson added, "has for a long time prevailed in the North."

Mother Divides Children; Kills One, Then Suicides

CHICAGO, Sept. 24.—Dividing her two children between her husband and herself, much as a judge might do in a divorce case, and arranging the house for the use of her husband and his half of the children, Mrs. Agnes Fiala, despondent over ill health, killed herself and her baby, Adaline, by turning on the gas.

While her husband was away, Mrs. Fiala rearranged the furniture for the use of her husband and their son, Hugo, ten years old. She set the table for dinner with two covers and removed the bedding from all the beds except the one occupied by Fiala and his son.

"You are big enough to help father, aren't you?" the mother asked Hugo. "Yes, indeed," replied the sturdy boy, "I can do lots of things like a woman."

"Play out in front until your father comes home," she told him.

She kissed him and told him to kiss little Adaline, 19 months old. When the father met Hugo at the gate and went inside the house with the boy he smelled gas. He found his wife and baby in a corner of a bedroom. They had been dead some time.

The lifeless mother was still holding Adaline in her arms. The child had expired, her cheek against her mother's breast.

Florida Auto Party Journey 2,194 Miles to Canada

ST. CATHERINES, Ontario, Sept. 24.—Four thousand five hundred miles in an automobile is the interesting trip which Mr. and Mrs. E. O. Painter and daughter of Jacksonville, Fla., are on. They reached this city, after an eventful trip of 2,194 miles, and pride themselves on being the first party to make the trip overland from Florida to Canada in an automobile. It took them three weeks to travel here, but nine of the twenty-one days they laid over at different points for sight-seeing. On their return journey the Painter party will go by way of Toledo, Indianapolis, Louisville, Atlanta and Chattanooga, the whole round trip covering 4,500 miles. They had one breakdown coming here, that being near Utica, where they broke an axle. Mr. Painter says

that right there were the worst roads they encountered, except in crossing Blue Mountains. Mr. Painter was for twenty years editor of The Florida Fruit Grower. He was amazed at the fruit output of the Niagara, Ontario, fruit belt.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If it's complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge—the only cure that never fails and has no bad effects. Sold by W. M. Johnson.

The Sun office for calling cards.

S.S.S. PURELY VEGETABLE

The absolute vegetable purity of S.S.S. has always been one of the strongest points in its favor, and is one of the principal reasons why it is the most widely known and universally used of all blood medicines. A great many of the so-called blood purifiers are really nothing more than strong mineral mixtures which act so unpleasantly and disastrously on the delicate membranes and tissues of the stomach and bowels, that even if such treatment purified the blood, the condition in which the digestive system is left would often be more damaging to the health than the original trouble. Not so with S.S.S.—it is the greatest of all blood purifiers, and at the same time is an absolutely safe and harmless remedy. It is made entirely of the healing and cleansing extracts and juices of roots, herbs and barks, each of which is in daily use in some form by physicians in their practice. Years of work and research have proven S.S.S. to contain everything necessary to purify the blood and at the same time supply the system with the purest and best tonic effects. S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Contagious Blood Poison and all other blood troubles, and it leaves the system in perfect condition when it has purified the blood. Book containing much valuable information on the blood and any medical advice desired sent free to all who write.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy, it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.

If it's printed stationery you want The Sun office is the place to get it.

32 LIVING CHILDREN

IN MICHIGAN FAMILY.

LANSING, Mich., Sept. 23.—What is probably a record number of children in one family was disclosed through the receipt of a birth certificate at the Secretary of State's office, showing that Joseph Tatrow, 58 years old, living in Pinconning township, Bay county, is the father of twenty children and the step-father of twelve others, making a total of 32 children in the family.

At the time of his marriage to Hattie Chabineau, Tatrow had fifteen children of his own, while she had twelve. Since then they have added five more to the list. The father is a native of Michigan.

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. J. W. McCollum & Co.

San Mateo is to have a pressing club and barber shop this winter.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all druggists.

YOUNG MEN, LEARN TELEGRAPHY!

Telegraph Operators Are in Great Demand.

Boys, this is your opportunity to learn a first-class trade that pays a good salary every month in the year. There will be a greater demand for Telegraph Operators this Fall and Winter than there has been for many years past. The prominent railroads of the South and other parts of the United States are writing us to qualify as many young men of good character for their service as we possibly can. We trust that the reliable, ambitious boys of the South will rally to this golden opportunity.

Our students qualify for service in only four to six months. We guarantee positions. Graduates begin on \$45 to \$65 per month; easy employment; rapid promotion.

Our tuition is reasonable; board at low rates; Newnan is extremely healthful; fine climate; excellent drinking water. Write at once for our new illustrated catalogue. A letter or postal will bring it. IT IS FREE.

ENTIRE FAMILIES WERE WIPED OUT BY STORM

Death list of Gulf Coast hurricane: Terre-Bonne parish, La.—Definite, 29; reported, 49.

New Orleans, 5.
Pass Manchac, La., 8.
East Fork, Miss., 7.
Frenier, La., 4.
Desair, La., 3.
Jackson, Miss., 2.
Baton Rouge, La., 1.
Mandeville, La., 1.
Bay St. Louis, Miss., 1.
Donaldson, La., 1.
Gramercy, La., 1.
Grand Point, La., reported, 4.
Barataria Bay, La., reported, 1.
Total—Definite, 63; reported, 45.

NEW ORLEANS, Sept. 23.—Gradually New Orleans and the territory surrounding the Crescent City is recovering from the first effect of the tropical hurricane, which, starting Sunday, continued throughout Monday and Monday night.

Sixty-three human lives are now positively known to have been claimed as victims of the storm and forty-five others are reported to have been lost in lower Terre Bonne parish, but as yet this report has not been authenticated.

The property loss will run into the millions. Miles and miles of territory have been laid waste. Crops have practically been ruined. Dwellings, cotton gins and sugar mills have been levelled.

New Orleans is still sadly crippled in the way of railroad facilities and telegraph and telephone communication with the outside world.

It was not until last night that the Western Union Telegraph Company was able to get a working wire out of the city. For two days the city's only communication with the outside world was over an improvised long distance telephone circuit of the Associated Press. Both the Illinois Central and the Louisville and Nashville railroads have suffered heavy loss, miles of their tracks having been washed away. It will be several weeks before the Louisville and Nashville will again be running trains over their own tracks.

From early yesterday the death list in the lower portion of Terre-Bonne parish increased as details of the hurricane's destruction were hourly received. It is reported that at least fifty are yet missing; they are said to have been drowned or crushed in the flying debris of wrecked mills, dwellings and fishing camps.

Thrilling tales of narrow escapes

and daring rescues come from the storm-swept area.

One of the victims of the storm in Terre-Bonne parish was F. M. Smith of New Irla, who with his brother, F. Smith, and a dozen friends, made up a fishing party at Sea Breeze. The brother of the drowned man reached Houma, La., yesterday, bringing the news of his brother's death.

Pleasure craft and shipping of all kinds in the bayou inlets were totally destroyed and the loss will be heavy. Store houses, sugar mills and dwellings of every character at Houma and other villages suffered heavily, and scarcely a structure was untouched by the hurricane.

The damage done by the storm at Grand Island, Cheniere Caminada was very heavy, but at these places there was no loss of life. The crops of these islands were totally destroyed and the orange groves were stripped clean of fruit and foliage.

Lineman's Narrow Escape.

The first news from these islands was received yesterday when the mail steamer Grand Isle reached this city. It was feared before the arrival of the boat that hundreds had lost their lives. In the tropical storm of 1893 no less than fifteen hundred people were drowned on Cheniere Caminada. One man lost his life at Bay St. Louis, a fisherman, name unknown, who was drowned Monday.

A number of other places are yet to be heard from. The long railroad bridge at Bay St. Louis is a complete wreck and it will be weeks before it is repaired. When the storm struck this bridge, George Doherty, a Western Union lineman, was attempting to repair the wires. He and three negroes were carried down.

"The waves were running at least fifty feet high," said Dougherty, "and if we had not lashed ourselves to a raft with wire we would have been drowned. The bridge went down Sunday and we were washed around in the bay until Monday afternoon, when we were picked up by a fishing schooner."

Refugees have been arriving in the city for two days.

SEVEN IN ONE FAMILY MEET DEATH IN STORM.

NEW ORLEANS, Sept. 23.—Advices received here last night from East Fork, Miss., stated that Mark Hamilton, his wife and five children were killed when their home was blown over and then burned to the ground in Monday night's hurricane.

Refused to Promise to Obey and Was Deserted at Altar

PITTSBURG, Pa., Sept. 23.—Because in January, 1841, she declined to promise to "obey," Mary E. Torrence, nee Powers, was deserted at the altar after the marriage ceremony had been performed making her the wife of James Torrence. After almost sixty-eight years, Mrs. James Speer of Elizabeth township proved to the satisfaction of the orphans' court at Pittsburgh Tuesday that she is the child that was born of this strange

wedding, and the court awarded her half of the estate of her father, James Torrence, who died worth \$3,000,000, many years ago.

It was not until Mrs. Speer produced lockets which had been exchanged between her mother and father almost seventy years ago that the court was convinced and ordered that half the estate be given to Mrs. Speer, who is now gray-haired and tottering.

Claude L'Engle "Butted In" On Town Political Meeting

A dispatch to The Tampa Times, dated Brooksville, Sept. 23, says:

"Claude L'Engle, candidate for the nomination for United States Senator, was here yesterday in the interest of his candidacy. He 'butted in' on the town meeting called to nominate city officers, but had only a few moments to speak, as he was to leave on the afternoon train.

"Elect me United States Senator and I will get for you anything that you want," declared Mr. L'Engle. Addressing particularly an old citi-

zen in the audience, the candidate complacently asked, 'How does that sound to you?'

"Sounds to me like a gold brick scheme," was the disconcerting reply."

Notice of Dissolution.

Notice is hereby given that the firm heretofore doing business at Archer, Florida, under the name of Hodgson & Wood, has been dissolved.

R. B. HODGSON.

ORANGE HEIGHTS.

ORANGE HEIGHTS, Sept. 23.—Miss Fannie McMillan and brother, Major, left us last week for Northern Georgia. Major will attend school there and Miss Fannie will visit among her relatives.

Mrs. Frank Yearwood of Melrose visited her brother, Wm. McMillan, last week.

Miss Anna Lewis left Monday of this week for Lake Butler, where she will attend school.

Our merchants are busy buying cotton.

John Fletcher and son, Luther, have been making a garden on the place where they expect to move this winter, 'The Prairie,' near Micanopy.

Bro. Boothby, a local preacher from Waldo, opened up a series of meetings in our neighborhood last Sunday morning, also preaching in the evening. On Monday afternoon we were very highly favored. Brother Williams of Jacksonville, the editor of The Christian Advocate, spent a short time with us and gave us a good sermon. Monday evening Brother Barr, our pastor, was with us, and Tuesday Brother McCall of White Springs came to assist the pastor in the services. Miss Daisy Hicks and Grandma Boring of Waldo also came and are helping in the work.

Several people from Melrose attended services here Wednesday evening.

Will Return to Orlando.

From Friday's Daily Sun.

Jesse E. Burtz, who has been here for the past three weeks since returning from Orlando, will leave today for that city for a two-fold purpose. Mr. Burtz has accepted the position as associate editor of The Reporter-Star and will in future be connected with that paper in that capacity. He will also complete his work upon the directory and make the delivery for one of the largest books he has gotten out in the State in the past few years, and which will be a great credit to the compiler and publisher. Jesse was for a number of years connected with this paper in the capacity of city editor, and his hosts of friends join in extending to him their best wishes and trust that he will be pleased with his new home. His family will continue to make Gainesville their home for the present.

Winked at White Woman.

A Washington dispatch says Charles Hammett, a negro who said he was from New York, was sentenced to six months in jail in the police court for insulting a young white woman.

"Why did you whistle to the young lady and wink your eye at her?" asked Judge Kimball of Hammett. "I didn't know anyone to introduce us," said Hammett. "That's the way we do it in New York."

"I advise you to go back to New York when you have served your sentence," remarked Judge Kimball.

Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel fifty per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all druggists. Samples free.

Dr. Trout, the Episcopal missionary to the Seminole Indians, during his last visit to the Everglades met with good encouragement and saw evidence of the effectiveness of the work he is doing. He baptized E-faw-le-har-jo, the most influential man among the Seminoles.

H. D. Wood, member of the firm of Wood & Evins, Evinston, was transacting business in the city yesterday.

A. J. Feaster, one of the thrifty and energetic planters of the Rochelle section, was transacting business in Gainesville yesterday.

C. C. Lancaster of Micanopy was in Gainesville yesterday. He was en route to Jacksonville, where he will spend a short while on a pleasure trip.

J. W. English, the trucker of Tacoma, was transacting business in Gainesville yesterday. A great many vegetables will be planted in his section this fall.

Mrs. W. F. Lewis, accompanied by her little daughter, Aura, left yesterday for a short visit to friends at Lawley and expects to be absent for the next several days.

Mrs. L. J. Burkhim, accompanied by her daughter, Miss Mozelle, have returned from a pleasant trip of several weeks, which was spent principally at Hendersonville.

C. H. Cox, one of the planters of the Hague section, was among the callers in the city yesterday. He states that rain is again needed for the fall planting of gardens.

F. L. Babbitt, a successful trucker and planter of Waldo, was trading in Gainesville yesterday. He states that more vegetables will be planted in that section this season than for some time.

The fall line of millinery awaits your inspection—your patronage will follow. This is the rule, hence my increasing customers. Mrs. F. T. McCormick. Fall Display, September 30 and Oct. 1.

Harry Owens has purchased the cottage of A. E. Dobbins in East Gainesville and will, during the coming week, remove his mother and brother to the place, where they will make their future home.

W. T. Pound, one of the members of the Baird Hardware Company, left yesterday for Georgia and Tennessee on his annual vacation. He expects to be absent a number of days and anticipates a pleasant trip.

W. S. Yearwood of Melrose was among the visitors to the county capital yesterday. Mr. Yearwood states that the farmers are busy with their corn crop and a number of them have the same safely stored.

Elmer Alvarez, conductor on the "short" between Waldo and Gainesville, who has been absent for the past few weeks on a visit with his wife to points in North Carolina, has returned and again resumed his run.

M. Venable of Archer was among the visitors to the city yesterday. He is the manager of the crate and basket factory at that point and states that they are now busy cutting a large supply of the goods for the fall shippers.

S. A. Thomas of Rochelle was circulating in the city yesterday. He has been troubled lately with an aching tooth and came over to have the pain relieved by having it extracted. He was "all smiles" after the operation.

Mr. and Mrs. J. R. Hague of Hague station were visitors to the city yesterday. Mr. Hague, who is a prosperous farmer, says that the farmers are busy with their corn and cotton, but the greater part of the latter crop has been gathered.

J. M. Halle, who has been absent at Lennon for the past few weeks, where he has a large contract in the cross-tie business, returned to the city yesterday. He has a large camp located there and a great many choppers on the grounds.

Hon. J. M. Rivers has returned from Bronson, where he went for the purpose of attending the regular fall term of court in the capacity of

prosecuting attorney. It only required two days to finish the work of the term, which is a good record for the court and county.

Mrs. J. L. Kelley, who has been spending the past few weeks at Balsam, N. C., returned to her home in this city yesterday. The outing proved very beneficial to Mrs. Kelley, but she returned earlier than she had intended owing to the illness of her son-in-law, H. R. Wilburn.

L. C. McClenny, formerly located here but for the past few months traveling out of Jacksonville, was a visitor to the city yesterday. He states that he has again changed positions and is now with an Atlanta concern, but will soon take charge of the Jacksonville office.

E. K. Anderson, a prominent business man of High Springs, was in Gainesville yesterday. He says that new life has been placed in the citizens of that place and that the city is again on the upward march and many noticeable improvements are being made by the property owners.

W. D. Blitch, pump inspector for the Atlantic Coast Line with headquarters in Jacksonville, was in the city yesterday. He was formerly at High Springs but since the change in his headquarters he states that the greater part of his time will be spent here when not out on the road.

Dr. and Mrs. J. M. Farr, who have been spending the past few months at Union, S. C., and other points, arrived in the city last night. The Doctor has been assigned the high position of vice-president at the University and returns in time to assist in the final arrangements for the grand opening, which will occur on next Wednesday.

From Saturday's Daily Sun.

J. T. Price of Wade was transacting business in Gainesville yesterday.

Mrs. Annie Bailey of Judson was among the shoppers visiting the city yesterday.

W. H. Anderson, Sr., of Bronson, was transacting business in Gainesville yesterday.

Miss Claude Bradley, who is soliciting insurance out of Jacksonville, was in the city yesterday.

S. P. Thomas, the genial deputy sheriff of High Springs, was a visitor to the city yesterday.

Crawford & Davis have just received a lot of mules suitable for all purposes. See them at their stables.

F. D. Irwin, the merchant and contractor of Fairbanks, was among the business visitors to the city yesterday.

Hon. J. A. Rosborough of Windsor was among the visitors to the city yesterday on his usual weekly trading trip.

Just received, carload of fancy drivers from Tennessee. Call and see them before buying elsewhere. Crawford & Davis.

Mrs. H. P. Holstein and son, Charlie, have gone to Starke, where they will spend the next several days visiting relatives.

J. W. May, member of the Board of County Commissioners from the Wachoota section, was among the visitors to the city yesterday.

W. G. English of Tacoma was in the city yesterday. The farmers are busy in his section planting beans and peas and the acreage will be extra heavy.

C. A. Lindsay, who was formerly postmaster at Bronson but now engaged in the wood and tie contracting business, was a business visitor to the city yesterday.

Miss Mabel Burnett of LaCrosse arrived in the city yesterday and will spend the next several days here as the guest of her cousin, Miss Nellie Goss, West Main street, south.

H. M. Moran of Campville was a visitor to the county capital yesterday. He says that business is good among the merchants and the farmers all seem satisfied in his section.

Steve Fowler of Bell paid Gainesville a visit yesterday. He says that his part of the county is again looking up owing to the cotton, and the advance in turpentine and lumber.

Miss Maude Fielding, who has been absent for a month taking her annual vacation, has returned and resumed her position in the store of the Gainesville Hardware Company.

Mrs. W. A. McNally returned yesterday from Orange Heights, where she spent the past two weeks visiting her parents, Mr. and Mrs. M. E. Jolly. She reports having a pleasant vacation.

Miss Willie Mae McIntosh of Haw-

thorn arrived in the city yesterday and will spend the next several days here as the guest of her sister, Mrs. L. M. McCormick, West Main street, south.

G. M. D. Bowers and son, Dallas, will return to the city today from Tennessee, where they have been for the past several weeks. They were called home on account of the sudden death of Dr. Pearce.

With the confidence of a great many people, and the desire to add to my regular list of customers, I wish everyone to attend my Fall Millinery Display. Mrs. F. T. McCormick. Dates September 30 and October 1.

Mr. and Mrs. A. S. Crews left Monday for Gainesville, where Mr. Crews will enter the law school of the University of Florida. They will make their home in Gainesville during the school year.—Starke Telegraph.

Mrs. R. B. Bostick, with her three boys and charming young daughter, Miss Anna Lou, leave this morning for a short visit with relatives in Augusta, Ga. They will be accompanied as far as Savannah by Mr. Bostick.

Capt. N. A. Callison of Spring Park was in the city yesterday. His place is fast becoming known throughout the country and his cattle are in demand in all sections. He expects to make a great many sales during the coming fall.

B. F. Williamson has returned from the North, where he has been with his family for the past few months. He has also been devoting considerable time to the paper factory and will have something of interest to give to the public within a short while.

J. J. Tinsley and wife arrived in the city last night from their summer outing, which has been spent in and around New York City. Mr. Tinsley represents a Northern commission house and is here to look after the orange crop and other fruits and vegetables.

Dr. L. Montgomery of Micanopy, one of the leading physicians of the State and a prominent citizen of that hustling place, was in the city yesterday, having come up in his automobile. He came to have some special castings made at the foundry which will be used in one of his large orange groves.

R. S. Bradley, one of the old-time and well-to-do planters of the Wachoota section, was among the visitors to Gainesville yesterday. He states that the farmers are busy with the fall vegetable crops and a good

many of the lettuce growers have their plants ready for setting, with favorable weather.

J. B. Simonton, one of the large and influential planters of Micanopy who operates a large farm at Lake Simonton, also an extensive peach orchard in Georgia, was in the city yesterday en route to his home. He has just returned from Georgia and visited a number of places after leaving his orchard.

J. A. Maulsby of Campville was in the city yesterday. He is manager of the brick company at that place and states that a large number of orders are now ahead on the plant and they are kept busy turning out all that the machinery will stand to supply the demand for this section of the State alone.

From Sunday's Daily Sun.

Roan Neal of Hague was a visitor to the county capital yesterday.

Miss Ella Fuqua of the Tioga school was shopping in the city yesterday.

John Acree of Archer was among the visitors to Gainesville Saturday.

Mrs. J. M. Shelton of Lake City is in the city on a visit to her mother, Mrs. A. H. Leonard.

Bouie Feagle of the Antioch section was transacting business in Gainesville Saturday.

J. F. DeSha, one of the solid citizens of Waldo, was transacting business in Gainesville yesterday.

Mrs. R. A. Becker, after an absence of several days which was pleasantly spent at Amelia Beach, near Fernandina, returned to her home here yesterday.

Prof. T. W. Bruton of the Stokes school was in the city yesterday. He opened the school on last Monday and states that the first week was

highly satisfactory and he is of the opinion that it will be a most successful term.

E. C. Sapp of Newberry was among the visitors to the city yesterday, and while here made a pleasant call at this office, renewing his subscription for another year.

Miss Hattie English of Tacoma was among the shoppers in the city yesterday. She is one of the efficient teachers of the county and was en route to her school.

Miss Susie Fisher of North Gainesville has decided to become a milliner, and on Monday will enter the school of Mrs. McCormick for a full course in this art.

Miss Cretie Cromley, an attractive young lady of Philadelphia, Pa., arrived in the city yesterday and will be the guest of Miss Sallie McClellan for the next several days.

Postmaster and Mrs. L. C. Lynch arrived in the city last night from Asheville, Balsam and other North Carolina points, where they have been for the past several weeks.

In the beginning and to the end of each season my stock, representing all that is novel and correct in millinery, is kept up to my established reputation. Mrs. F. T. McCormick. Fall Display, Sept. 30 and Oct. 1.

C. Y. Crawford, who recently went to the markets of Tennessee to purchase stock for the firm of Crawford & Davis, has completed his mission there, a new carload of stock which he selected having already arrived and has proceeded to Hot Springs, where he will spend a short while for rest and recuperation.
